

WEATHERPROOFING WOOD FINISH

- Natural and Subtle Wood-Toned Color Enhances Wood Grain
- Silicone-Enhanced Penetrating Formula
- Featuring NANOGUARD® Technology for Ultimate Durability
- UV Protection
- Mildew Resistant Finish
- Easy Water Clean-Up

COMPETITIVE OIL-BASED FINISHES

Good penetration but little protection, making the surface susceptible to wear and abrasion.

COMPETITIVE WATER-BASED FINISHES

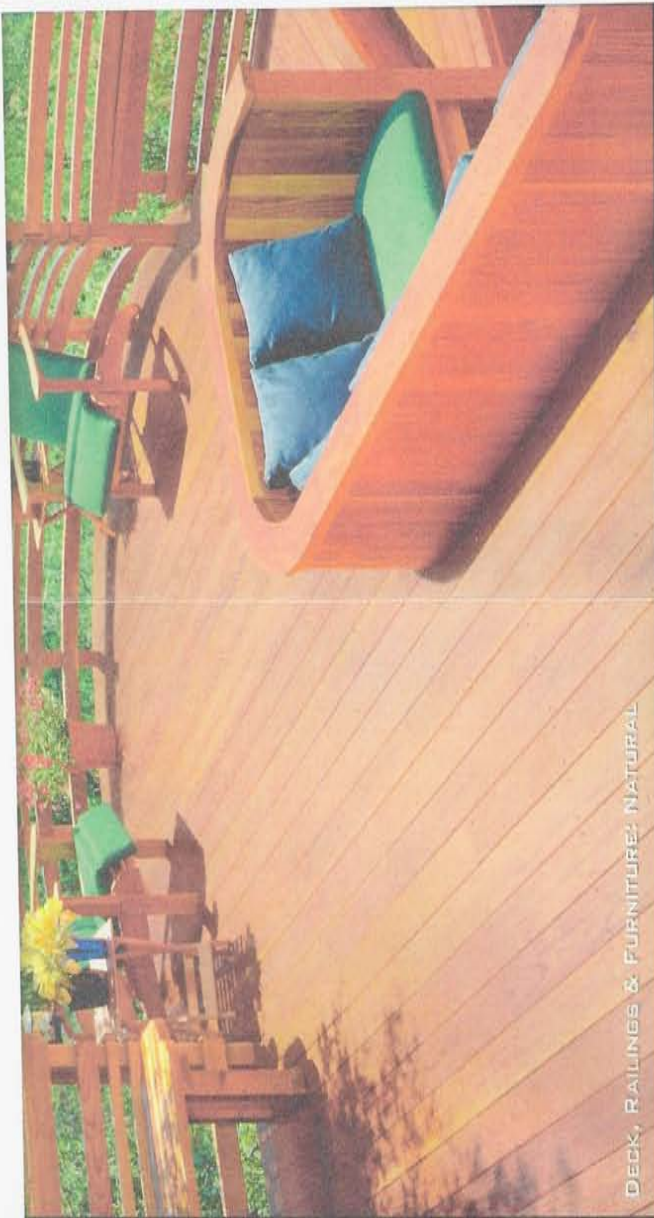

Adequate protection but minimal penetration, making the surface susceptible to adhesion loss.

Wood Surface

Nanotechnology provides excellent penetration and surface protection for superior durability.

DECK, RAILINGS & FURNITURE: NATURAL
